

12 SIMPLE WAYS TO SHARE

God's Love in Your Everyday Life

His desire is to be in continual relationship with you and for you to share God's love with others around you! YOU were uniquely created in God's image and have unique gifts and talents all your own. You will go places others cannot go or will not go. You have incredible opportunities to share God's love every day and every step of the way.

Jesus seemed to face so-called interruptions with intentionality! Everyone mattered to Jesus. Every person next to Him was another opportunity to share God's love.
